APPROVED PRODUCTS

Certification of Equipment and Materials

Bureau Veritas carries out design reviews, surveys and inspections to assess the conformity of marine equipment and materials in compliance with Bureau Veritas Rules for Classification, international regulations (IMO conventions and codes), international and national standards.

Bureau Veritas is designated as a "Notified Body" (n° 0062) by the French Administration to perform conformity assessment of marine equipment listed in the Annex A.1 to the Marine Equipment Directive (Council Directive 96/98/EC, as amended).

Bureau Veritas is designated as an "Organisme habilité" by the French Maritime Administration (MMF) for Type Approval of statutory equipment, in pursuance of divisions 140 and 310 of the French Regulations annexed to the "Arrêté" of 23 November 1987 as amended.

Bureau Veritas is designated as an "UK Nominated Body" by the United Kingdom Maritime and Coastguard Agency (MCA) for Type Approval of statutory equipment, in pursuance of the Merchant Shipping Notice MSN 1735 (M+F) as amended.
